24 July 1978

MEMORANDUM FOR: All Office Directors and NIOs, NFAC  
Deputy Director for Operations  
Deputy Director for Science and Technology

FROM : Coordinator for Academic Relations and External  
Analytical Support, NFAC

SUBJECT : Letter from the Chairman, DSRC, July 20, 1978  
Requesting Special Reporting of "All (Foreign  
Affairs Research) Projects Currently in Contract  
which Deal with the USSR in any Respect and which  
Have Not Yet Been Reported" and Calling for Prompt  
Submission of Information Regarding any Such Projects  
That Are Contemplated between Now and July 1, 1979

1. Your attention is especially directed to subparagraph 1. of the letter, which is attached.

2. On subparagraph 2., please note that the desired reporting concerns specifically topics "likely to be sensitive in the current context, even if the projects do not involve travel to the area or contacts with foreign nationals in the US or abroad." This substantially broadens the scope of definition usually applied to FAR projects we are expected to report.

3. In addition to the injunction to "err on the side of submission," in the event of any projects, current or contemplated, that we may prefer not to report owing to the need to protect sources and methods, kindly consult with the undersigned in order that the DCI may be informed.
